About Us

The Environment Partnership (TEP) Ltd is an award-winning environmental consultancy supporting sustainable development and land management across the UK and Ireland.

Our offering is based upon our core services: Planning, Environmental Assessment, Ecology, Heritage, Landscape Design, Landscape Management, GIS and Arboriculture. We are ideally situated to deliver these services nationwide from our offices in Warrington, Gateshead, Market Harborough, London and Cornwall. We have seven Directors who run the company and over 145 professional and technical staff, who work on a wide range of exciting and challenging projects.

As an environmental consultancy, we have a responsibility to help shape the world around us through our work, to benefit communities now and in the future. Our work is important to us and is underpinned by our core values, values that build upon the original thinking of our company's founders. At TEP we aim to be:

- ❖ Forward-Looking
- ❖ Responsible
- ❖ Enterprising
- ❖ Supportive
- ❖ Honest
- ❖ Passionate

For more information on the type of work we do, visit: www.tep.uk.com/projects

To Apply

Please apply via the TEP website or send your CV and cover letter to recruitment@tep.uk.com

Please note that we will always acknowledge each application. If you have not received an email response within 3 working days, please contact recruitment@tep.uk.com

Following review of the applications, a short list of candidates will be contacted for interview.

We are only able to consider candidates already eligible to work in the UK.

If you would like to discuss the position, please do not hesitate to contact recruitment@tep.uk.com and we will arrange for an appropriate manager to call you.

To keep up to date with news from TEP, follow us on our social media:

The Opportunity

Who are we looking for?

We are looking for a creative Landscape Architect to join our busy design team in the Northwest. This is an opportunity to develop your skills as a landscape architect within our friendly and talented team. You will also work with and learn from our other in-house professionals in ecology, arboriculture, landscape management, landscape planning and GIS.

We design residential landscapes, parks and green spaces, streets and civic space, and undertake strategic studies to support biodiversity enhancement and blue and green infrastructure planning. We have a strong reputation for delivering high quality, award winning projects. We have a broad range of clients across the UK including, The Royal Parks, Eden Project North, the RHS, Forestry England, local authorities, private developers and government agencies. We work through all the RIBA work stages, from inception through to implementation and handover.

Role and Requirements

This role is suitable for an enthusiastic and motivated individual who will provide support to colleagues whilst developing skills and experience across a wide range of projects. You will be a recent graduate or a graduate with a year or two's experience.

You will be confident in your design ability and in the presentation of your work. You will assist Chartered Landscape Architects on projects, preparing design concepts, detailed drawings, diagrams, models, graphics and illustrations. You will enjoy researching and developing design concepts and narratives, and exploring innovative ways of presenting your work.

Our projects consider the impact on the environment at every stage. You will have the opportunity to design nature-based and environmentally-driven solutions, which will contribute to tackling climate change, delivering net gains in biodiversity, sustainably managing water and maximising urban greening.

You will be a team player who is versatile and able to collaborate effectively with other professionals.

You will have strong drafting and graphic skills. We use the Adobe Creative Suite to prepare and present our work and proficiency with this software is highly desirable. You will be proficient in AutoCAD and be confident in your ability to communicate design ideas in 2D and 3D.

The role is suitable for office or 'hybrid working' with at least 40% of contracted hours spent working from our office in Warrington.

Qualifications

- ❖ Degree in Landscape Architecture or Urban Design

Skills and Experience

- ❖ Understand the principles of good design and spatial planning
- ❖ Understand how hard and soft landscape materials are used and how to select suitable products; enjoy planting design with some horticultural knowledge
- ❖ Communicate design ideas confidently through a variety of graphic techniques and clear and concise report writing
- ❖ Be creative and have an eye for detail
- ❖ Demonstrate sound research and site analysis skills
- ❖ Proficient in a variety of 2D and 3D software packages, including AutoCAD and Adobe Creative Suite
- ❖ Some knowledge of the UK planning system, specifically in relation to the planning consent procedure, trees, heritage and conservation and EIA
- ❖ Have a positive attitude towards problem solving

Attributes

- ❖ A passion for delivering joyful and purposeful landscapes which will enhance the lives of others
- ❖ A team player, eager to engage and to contribute
- ❖ You will be creative, knowledgeable and thoughtful, willing to innovate and explore new ideas
- ❖ Convey a positive attitude to colleagues and clients
- ❖ Share TEP's values
- ❖ Hold a full driving licence (desirable but not essential)
