About Us

We are experts in the natural and historic environment, creative landscape designers and resourceful planners. We help shape and manage sustainable, successful places in both urban and rural environments.

Since its establishment in 1997, TEP's focus has been on supporting sustainable development by conserving and enhancing the natural and built environment.

We deliver valuable environmental advice through our core specialisms: Arboriculture, Ecology, Environmental Planning, Green and Blue Infrastructure, GeoSpatial Analysis, Historic Environment and Archaeology, Landscape Design and Landscape Management.

We have great clients in many sectors, including private developers, government agencies, local authorities and charitable trusts.

With over 150 staff dedicated to providing a high-quality and personal service across our five offices, we are ideally placed to support projects nationwide.

Our company values are Forward-Looking, Responsible, Enterprising, Supportive, Honest and Passionate. They are not only applicable to our projects but also underpin how we approach professional development.

For more information on the type of work we do, visit: www.tep.uk.com/projects

To Apply

Please apply via the [TEP website](#) or send your CV and cover letter to recruitment@tep.uk.com

Please note that we will always acknowledge each application. If you have not received an email response within 3 working days, please contact recruitment@tep.uk.com

Following review of the applications, a short list of candidates will be contacted for interview.

We are only able to consider candidates eligible to work in the UK.

If you would like to discuss the position, or support with the application process please do not hesitate to contact recruitment@tep.uk.com and we will arrange for an appropriate manager to call you.

The Opportunity

About the Role

This is an exciting opportunity to work on a diverse portfolio of projects across the UK. You will be working on a variety of schemes within urban public realm, residential and commercial development, historic landscapes, parks and open spaces, supporting sustainable development and environmental enhancement.

What you'll be doing

- Contribute to landscape and urban design projects from concept through to delivery.
- Support the production of detailed design drawings, specifications, and planting plans.
- Communicate ideas clearly using sketches, visuals, and software tools.
- Assist with planning submissions, consultation events, and stakeholder engagement.
- Help deliver landscape designs that respond to environmental, heritage, and planning constraints.
- Collaborate with a multidisciplinary team of planners, ecologists, and environmental specialists.

What we are looking for

- Creative, detail-oriented Landscape Architect
- Versatile and collaborative team player
- Sound knowledge of the UK planning system, including preparing information for planning applications
- Confident presenting ideas to clients, local authorities, design review panels, or steering groups
- Good communicator, able to contribute effectively to project meetings and develop design ideas
- Experience coordinating with other disciplines (e.g. ecologists, engineers)
- Skilled in report writing, drafting, and graphic presentation

Why join us?

- Supportive, inclusive and knowledgeable team that values collaboration and professional growth, and high standards
- Ongoing learning and development through CPD and mentoring.
- Excellent benefits and investment in health and wellbeing.

Qualifications

- ❖ Degree in Landscape Architecture
- ❖ Chartered Member of the Landscape Institute or eligible and able to work towards Chartered status

Experience/Knowledge

- ❖ Experience working on variety of design projects
- ❖ Preparation of landscape drawing packages, documents and design reports to support planning applications
- ❖ An understanding of relevant environmental legislation;
- ❖ Liaising with clients, local authorities and stakeholders and developing good working relationships.
- ❖ Understanding of construction contracts, pre-contract and tendering process and contract administration, and CDM Regulations
- ❖ Have good communication skills and confident in presentation.
- ❖ Demonstrate sound research and analysis skills
- ❖ Awareness of landscape management principles and contracts

Attributes

- ❖ Ability to prioritise and manage own workloads
- ❖ Demonstrate creativity and attention to detail
- ❖ Able to work independently and work well with others as part of a team.
- ❖ Proficient in AutoCAD and Adobe Creative Suite with ability to use 3DS Max, Revit, Sketchup and NBS Landscape considered desirable but not essential.
- ❖ Demonstrate clear report writing skills.
- ❖ Hold a full driving licence.
